Re: Summary Spreadsheet

Dear Mr. Schneider:

As per our recent discussion, enclosed is a copy of an internal summary spreadsheet prepared by General Motors Asset Management ("GMAM") after it received a request from Delphi Corporation regarding the potential economic impact relating to the reinvestment of certain Delphi 401(k) plan dividends in a fund holding GM common stock rather than in an income-oriented fund. This summary was prepared solely for GMAM's internal use in connection with a conference call with representatives of Delphi and Fidelity Investments regarding, among other matters, the potential economic impact. The enclosed summary and the related analysis were not provided to Delphi, Fidelity or any other person outside of GMAM. Please note as well that the analysis was based on numerous assumptions, as we discussed.

Please do not hesitate to contact me if you have any additional questions.

Sincerely,
